

# PeopleTech Revolution Virtual Reality

## Immersive Experience Library

# Explore the PTR Immersive Experience Library – *Your Gateway to Growth!*

The **PTR Immersive Experience Library** offers curated immersive experiences focused on diversity, inclusion, equity and leadership.

Immerse yourself in a rich array of experiences, from Everyday Inclusion and Finding Common Ground in Equal Reality VR, to the transformative Lift VR and Mindshift VR.

Advance diversity, inclusion, leadership and curiosity with our curated collection.

**\*compatible with Quest 2, Quest Pro, and Pico Neo 3 headsets**

# Equal Reality VR

**Equal Reality VR** explores race, gender, and allyship with longer experiences that tackle bias, microaggressions, and intersectionality.

A set of branching narratives that take the user through scenarios with a focus on race, gender, and allyship, originally created with Equal Reality and now a stand-alone product vertical, that includes **Everyday Inclusion** and **Finding Common Ground**.

# Equal Reality VR

## Everyday Inclusion (EDI)

A three-part VR blended learning experience exploring unconscious bias, inclusion, microaggressions and intersectionality. It has been co-designed with diversity and inclusion experts at Cornell University. The VR interactive experiences give a first-hand experience of bias.

## Finding Common Ground

A two-part experience designed in collaboration with a world-leading Australian bank, is based on a real-life experience of discrimination. This experience is designed to give the user the feeling of discrimination and to practise proactive behaviour expected from a team.

# Mindshift VR

MIND

SHIFT

**Mindshift VR** offers interactive experiences on microaggressions and workplace conversations.

These immersive experiences provide interactive scenarios in virtual workplaces where users can encounter various situations related to Diversity Equity & Inclusion. It offers challenges like handling microaggressions, recognizing unconscious biases, inclusive hiring and promoting inclusivity among team members.

# Mindshift VR

## Glass Ceilings

experience gender discrimination and exclusion in a typical team meeting set in a typical meeting room in our virtual office

## Inclusive Perspectives

a virtual watercooler chat where you can practice responding to office discussions about diversity and promotion

## Ally Assist

become a manager in a customer service setting where difficult issues arise

# Lift VR

# LiftVR

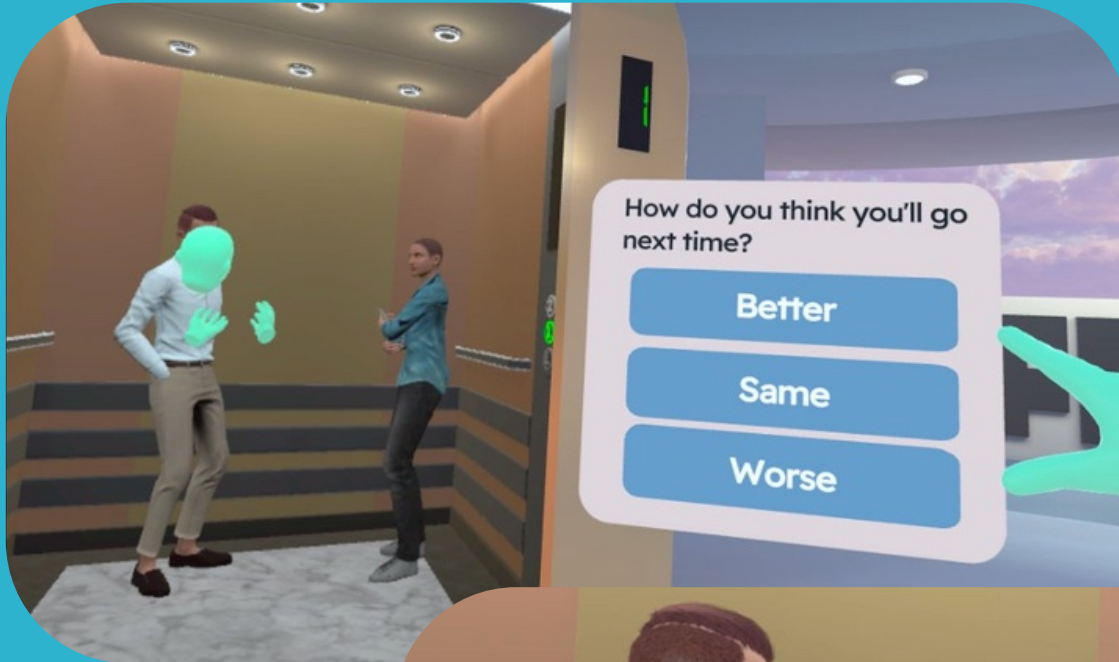

**Lift VR** builds leaders' ability to respond to sensitive situations.

Designed in collaboration with our partners and diversity experts Kinspace, these immersive experiences focus on building leaders' ability to respond in their own voice to challenging and sensitive situations.

LiftVR places the user in a Lift and asks them to personalize and adapt their responses, enabling leaders to practise courageous decision-making and the creation of a psychologically safe space.

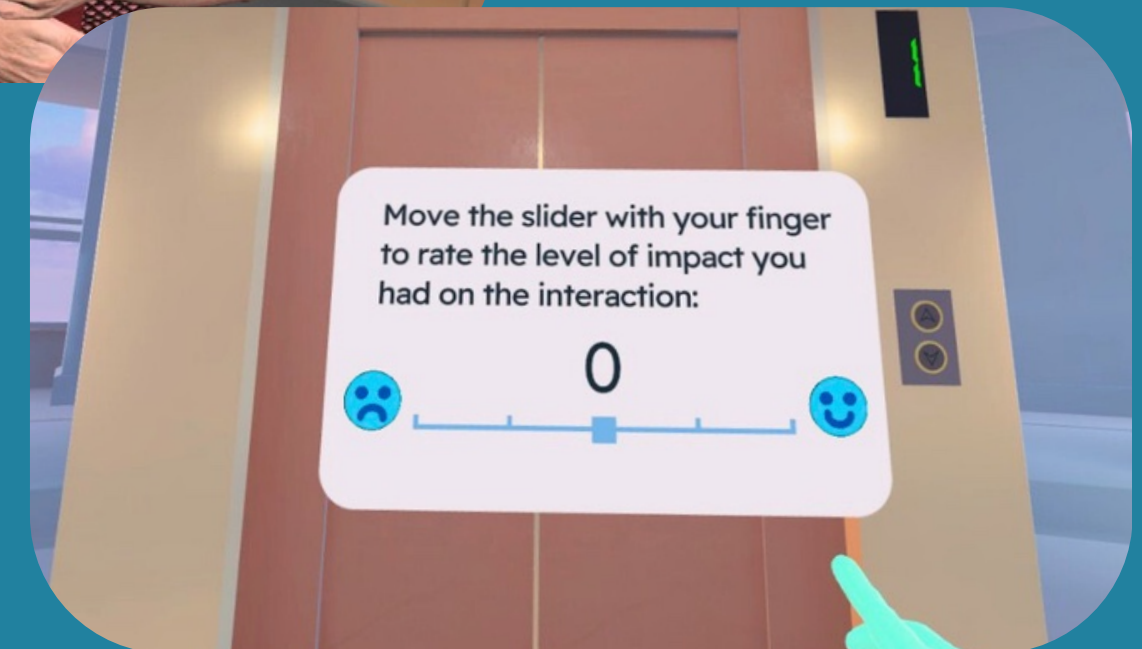

## Heated Discussion

practice stepping in on a heated discussion  
between colleagues

## Sensitive Disclosure

practice responding to a sensitive issue from a colleague

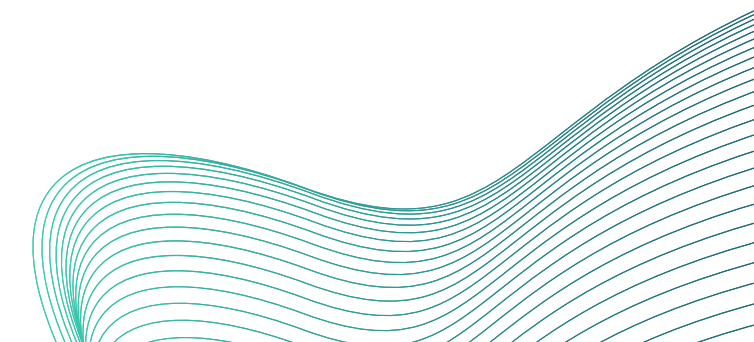

# Speak To Me Normally

**STMN** – is designed to provide a unique and empathetic perspective on social anxiety. Step into the shoes of Lucy, a jobseeker grappling with social anxiety, and navigate the challenges she faces when it comes to social interactions.

The realistic VR environment will allow you to understand the emotional turmoil that individuals with social anxiety often endure.

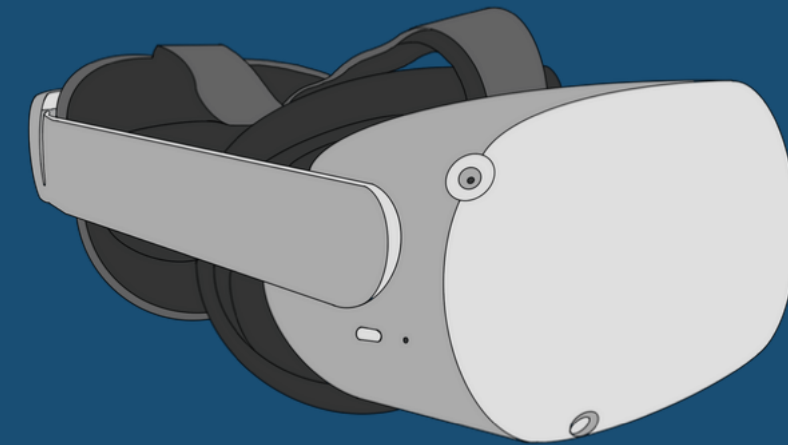

Then seamlessly shift perspective, transforming into Sarah's employment coach Debby and see things from a different view.

# Pricing

The library is priced on a per headset per month basis

**US\$399**  
*per headset  
per month*

Sign-up for a year subscription and  
**save over \$50 per month.**

We will also give you a QUEST 2  
included in the price  
*(\$3,995 per year including QUEST 2 Headset)*

We aim to launch a new app  
**every 2 months**  
**at no additional cost.**

As Industry experts,  
**you can suggest an app** that you  
would like and we'd explore  
building it for the library!

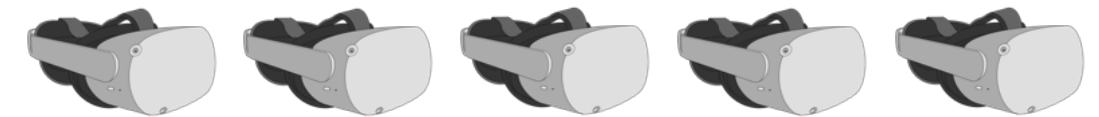

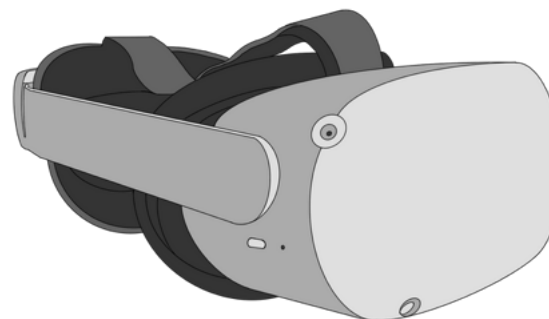

# Early Adopter Offer

Sign up any amount of headsets **before October 2023** for a year subscription

and we will **discount**  
every month by over \$100  
for the entire year

That's **US\$299**  
**per headset per month**  
and we will also give you  
a QUEST 2 Headset for  
every subscription

Get **5** headsets, with access to all 8  
Apps at Launch and an additional 6  
by the end of 2024 for just **\$17,900**

OR **3** Headsets for the year at a total  
cost of **\$10,700**

# Library

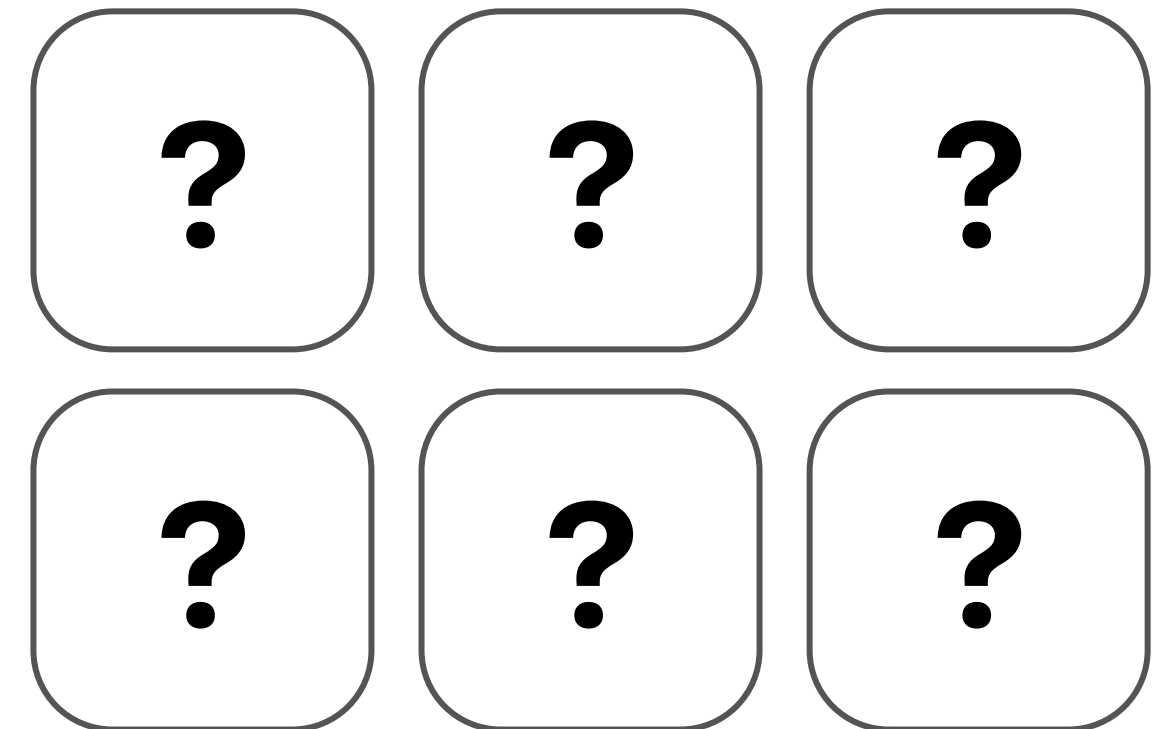

8 Apps available  
on launch
